

MAQHA HIGH POINT RANCH AWARDS

Highpoints would only be offered at the amateur shows at this time, and would not affect year end awards

The classes that will count towards this award are

1. Ranch Riding
2. Ranch Trail
3. Working Western Rail
4. Reining.

Exhibitors will have to compete in three of the four classes to be eligible for the highpoint.

At this time, a ranch highpoint will not be offered for L1 youth or amateur, as the ranch trail and working rail are currently not leveled classes.

High Point Ranch awards will be calculated for Open, Amateur & Small Fry.

Points for these highpoints will be calculated the same way as the traditional high point awards. For example, if there are only three exhibitors in a class, first place would get 3 points, second would get 2, and third would get 1.

The highpoint award should match the existing budget for the high point awards. . A different prize can be awarded for these high points, but the cost should be equivalent to that of the traditional high point awards at the show.

2 year trial period effective 2024 & 2025 show years for MAQHA shows only.
